Study on the Potential for Implementation of Hydrogen Technologies and its Utilization in the Energy Community

Energy Community Secretariat

L-760083-0a5

General information

Type of the contracting body: Contracting Authority

Procedure in the lower threshold

Key data for the publication of contracts awarded.

Key data for the publication of contracts awarded and framework agreements concluded (Annex VIII, Section 2, Z1, BVergG 2018)

- a) This publication communicates the award of service contracts in the field of research and development and is therefore subject to a restriction of the information available**
- b) The name of the contracting body which procures the service or has concluded the framework agreement**
Energy Community Secretariat
- c) The master number of the contracting entity pursuant to § 6 E-GovG (E-Government Act) and a unique file number of the procurement procedure assigned by the contracting entity (master number - file number)**
9110014187183-P-212578
- d) An indication of the jurisdiction of the contracting authority**
Federal government
- e) An indication as to whether the estimated contract value was in the upper or lower threshold range**
The estimated contract value was in the lower threshold range
- f) The name of the contractor or the party to the framework agreement**
Economic Consulting Associates Limited
- g) The master number of the contractor or the party to the framework agreement pursuant to § 6 E-GovG (if available; not to be specified for natural persons)**
- h) CPV code main part or parts**
71314000
- i) CPV code additional part or parts (if any)**
- j) The nature of the contract (works, supply or service contract)**
Services
- k) The designation of the contract or framework agreement**
Study on the Potential for Implementation of Hydrogen Technologies and its Utilization in the Energy Community
- l) Short description of the contract or framework agreement**
The objective of the study is to assess the potential and viability of utilizing different technologies to produce, transport and use hydrogen in different sectors of the economies of the Energy Community Contracting Parties (with focus on the gas, electricity and industry sectors), in synergy with each other, and with the transport and other sectors, and to assess potential and concrete possibilities for integration with future EU production and consumption markets.
- m) Contract value or scope of value of the framework agreement exclusive of value added tax in euro**
124890
- n) Date of conclusion of contract or framework agreement (DD.MM.YYYY)**

29/09/2020

- o) In case of non-recurring obligations: envisaged date of performance (DD.MM.YYYY)**
- p) In case of non-recurring obligations: envisaged date of performance (DD/MM/YYYY)**
- q) Designation of the type of procedure**
Open procedure
It is a dynamic purchasing system
No
- r) An indication as to whether the publication constitutes a notification of the conclusion of a framework agreement**
Nein
